

Save West Hampstead "STOP THE BLOCKS!"

Camden Council wants to sell the publicly owned asset of 156 West End Lane for a short-sighted one-off payment, while developers are viewing the site as a lucrative money-spinner. Current "preferred bidder" proposals for the site:

- Contravene planning and conservation area policies
- Will eradicate jobs at a secure, stable, long-term employer of 35+ years
- Will fail to meet the housing requirements of West Hampstead residents
- Will negatively impact the amenity of all West Hampstead residents
- Will blight a conservation area
- Threaten public access to a public right of way
- Threaten a valuable children's play area and public open space

Make your voice heard at a council-organised public forum, 7pm, Tuesday 6th October.
